

JOB SITE TRAILERS AND OFFICES

- Proper COVID-19 signage must be posted at trailer and office entrances.
- Maintain an Attendance and Delivery Log. The foreman will maintain the log and electronically submit to Snyder Langston’s Covid-19 Supervisor
- Visitors are prohibited. Only workers supporting the project shall have a physical presence on-site and should not be permitted in the trailer or offices unless scheduled for a specific purpose
- Media outlets are not permitted on-site
- Contracted office cleaning is required twice a week using a professional cleaning service that complies with CDC recommendations. Service shall include disinfecting (with an EPA registered disinfectant) high touch items such as tabletops, desks, hard surface chairs, doors and doorknobs, remote controls, office equipment, restrooms and kitchen areas
- The project team shall wipe down conference room tables and chairs with disinfectant after each use. Kitchen areas and other high-touch items shall be disinfected frequently. Spray bottles are a safe and effective method of application. Wear PPE such as Nitrile gloves, eye protection and mask or face covering.

* The designated COVID-19 Supervisor is responsible for overseeing the implementation of this plan

** Please refer to www.cdc.gov for specifics on the COVID-19 virus, as conditions and recommendations may change frequently based on new information.

COVID-19 SITE SPECIFIC SAFETY PLAN

June 24, 2020

ON-SITE SANITATION

- Position wash stations throughout the site at a minimum ratio of one wash station per 12 workers, separated by 10 feet wherever possible
- Check wash stations frequently for adequate soap, water and towels
- Position toilets throughout the site at a minimum ratio of one toilet per 12 workers, separated by 10 feet wherever possible
- Service on-site toilets at least twice a week and check for adequate toilet paper supply three times a day
- Maintain a minimum inventory of 1 case of toilet paper in the office or trailer
- Frequent hand washing using soap and water for a minimum of 20 seconds is required
- Employees and workers must wear a mask or face covering when in common areas, or not able to safely social distance
- Construction personnel hoist and elevator operators are required to wear gloves for protection from high touch surfaces and doors
- Only five occupants (including the operator) are permitted on construction personnel hoists and elevators
- Revise work plans to supplement PPE if workers must be within 6 feet of each other

* COVID-19 supervisor is responsible for overseeing the implementation of this plan.

** Please refer to www.cdc.gov for specifics on the COVID-19 virus, as conditions and recommendations may change frequently based on new information.

COVID-19 SITE SPECIFIC SAFETY PLAN

June 24, 2020

MEETINGS, GATHERINGS AND COMMUNICATIONS

- All trades must practice “Social Distancing” as directed by the CDC
- A maximum of 10 persons, maintaining 6 feet of separation, may attend group meetings which must be held outside in open space
- Email required paperwork (such as orientation forms) to your foreman. Hard copies should be deposited in a separate receptacle stationed outside the trailer
- Electronic technology such as Zoom should be used whenever possible to reduce the number of people in office or trailers
- Do not share phones, computers, tablets or any electronic devices
- Workers and employees should not congregate in central locations during breaks or lunch. Always maintain 6 feet of separation
- Spray all common eating areas, such as picnic tables, with disinfectant frequently

FOOD SERVICES

- Catering trucks and other food vendors are prohibited
- Workers are required to provide their own food and beverages
- Community water coolers are prohibited. Single-use water bottles are required. Do not share food or utensils

** COVID-19 supervisor is responsible for overseeing the implementation of this plan.*
